

JetBrains 2018 Annual Highlights

By every measure, 2018 was a banner year for JetBrains.

The number of developers choosing our tools continues to grow rapidly, as does JetBrains itself. We're having lots of fun along the way and feel fortunate to be able to share our success with the communities we touch.

6M

Developers use and trust our tools

2,085

New individuals become JetBrains customers every day

996

Team members across eight offices

60+

Industry awards won since 2000

The number of developers choosing our tools is growing and **JetBrains is too!**

Office News

Aon Best Employers in 2017

The Prague office won an award for **Aon Best Employers 2017** in the Czech Republic.

Prague Expansion

Two harmonious floors that include 113 working spaces, 9 meeting rooms, 2 large kitchens with dining rooms, 2 coffee points, 8 phone booths, a creative space, spa zone (massages, sauna, fitness), and children's room.

New St. Petersburg Office

Finishing touches are being put on *Space*, the new JetBrains office in St. Petersburg. *Space* joins *Times* and *Universe* as the third office in the city. The first 300 pioneers moved in on January 9th, 2019.

Team JetBrains is 996 Strong

Every JetBrains office increased its total number of onsite employees in 2018. At the same time, our remote and regional teams have also grown allowing us to be more active locally.
