

QuizQuest Rules

Take part in the QuizQuest to get the most out of the Kotlin 1.4 Online Event, and for a chance to win some nice Kotlin branded swag. In the process, you'll also be able to check how well you know Kotlin.

What is the QuizQuest?

The QuizQuest is a series of 15 small quizzes that check what you've learned from the talks. You can complete as many as you want. The more questions you answer correctly, the better your chances of winning some exclusive swag will be!

When does the QuizQuest start?

Immediately after each talk, a link to the quiz for that talk will appear on the QuizQuest page of the event website. Just click on the puzzle piece with the name of the talk, and the quiz will open in a new tab.

Types of raffles

To make sure that everyone has a chance to win a prize, regardless of how much time they have to spare, we've created three different contest categories.

1. **Quick Thinker.** Take at least one quiz, submit your answers before 16:00 CEST the day after the quiz is posted, and if all your answers are correct you will be entered into a raffle for one of 12 Corkcicle canteen bottles! You will be entered once for each completed quiz you submit.
2. **Explorer.** Participate in at least one quiz before October 26, answering at least 50% of the questions correctly, and you will be entered into a raffle for one of 50 special conference t-shirts. You will be entered once for each completed quiz you submit.
3. **Captain Kotlin.** Complete all the quizzes before October 26 for a chance to win one of 12 backpacks.

When are the submission deadlines?

For the Explorer and Captain Kotlin categories, you must submit your answers by 23:59 CEST on October 26.

For the Quick Thinker category, each quiz must be completed by 16:00 CEST the day after it is posted.

About the raffle

Every completed quiz will be entered into all the raffles that it is eligible for. The more quizzes you complete (and the faster you complete them), the more raffles you'll be included in, and the greater your chances of winning prizes will be.

Raffle winners will be picked automatically at random. Winners will be notified by email and announced in a blog post.

Be sure to provide your email address when you submit your answers so we can contact you and send you your prizes. You must use the same email address for all quizzes to be eligible for the Captain Kotlin raffle.

Participate in as many quizzes as you can to win exclusive and memorable swag from the Kotlin 1.4 Online Event! Good luck!
